

Statement in response to The Mayor of London's letter on 15 July 2019 announcing his decision regarding planning permission

LONDON: 15 JULY 2019:

The Tulip Project team are disappointed by The Mayor of London's decision to direct refusal of planning permission, particularly as The Tulip will generate immediate and longer-term socio-economic benefits to London and the UK as a whole. We will now take time to consider potential next steps for The Tulip Project.
